### Failed tests

ID	Test details
SE-T-008	Failed: -the word "to" doesn't appear as the first result. -The input "tô" doesn't even exist in the dictionary.
SE-T-009	Failed: <ul style="list-style-type: none"> <li>- Changing the order of the dictionary, even multiple times, doesn't show the term "pen" or "Pen" as the first result.</li> <li>- Terms that contain "pen" inside the word are sometimes shown.</li> <li>- Pen is the 7<sup>th</sup> result in the best case by ordering the dictionary according to welsh.</li> <li>- Pen is the 3<sup>rd</sup> result in the best case ordering according to English (the ordering seems to be inversed as pen is the welsh word for "top" in english).</li> </ul>
SE-T-020	Failed: the word "\$al%" can be added

SE-T-022	Failed: the new word is not automatically added in the practice list
SE-T-024	Failed: however when adding a new word of the type “verb”, the “to” is automatically added. Not when loading from the dictionary by default.
SE-T-026	Failed: empty practice list table and games can be still accessed
SE-T-033	Failed: the score is always 0 at the end of the game with some correct answers, no immediate feedback
SE-T-034	Failed: the error is thrown (in the IntelliJ console) if there are 0 words in the list. <ul style="list-style-type: none"> <li>- Test with 3 words: failed (the app still run and works fine because the same word can be randomly displayed twice in the game)</li> </ul>
SE-T-036	Failed: this functionality doesn't exist
SE-T-037	Failed: this functionality doesn't exist
SE-T-038	Failed: this functionality doesn't exist
SE-T-039	Failed: some games do show the right answer, some others don't (translate and match cards)
